Summary

Front-end developer with a background and passion for user experience and interaction design and strength in creative and strategic thinking. Learning and growing as a developer are very important to me. Since 2020, I have continuously gained new development skills and never stopped challenging my potential, while creating accessible and aesthetic websites. I am excellent at working in teams and enjoy collaboration with peers. I am also confident in the development of the front-end for e-commerce sites and will do my best to deliver modern interfaces.
